

# The Grammar Map Introduction

## Student Worksheet

This map is simplified. We only use 6 tenses on this Map.

With 90% of spoken English, we use these 6 main tenses.

### Objectives

To use the 6 tenses in the positive, negative, and question forms.

To identify the irregular rules with some of the tenses.

To identify the parts of grammar that you need help with.

To become familiar with the structure of English grammar.

### About the Grammar Map

It is visual, linear, and logical.

It translates well to other languages (in structure and form) such as Spanish, French, Italian, etc...

The Grammar Map excel file has many pages for different parts of English grammar
